## **Finding Course Reserves**

Begin by navigating to the Sage Library Website online catalog. Go to <a href="www.nbts.edu/sage-library">www.nbts.edu/sage-library</a> and navigate to the "Advanced Search" link.

Next Navigate to the Academic Reserves link.

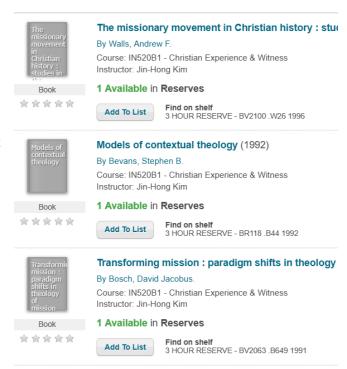

Use the drop down menu to select the course and the instructor then click on the **View Reserves** link.

## The next page will show a listing of the titles currently submitted by course for reserves.

Please note, the list is not exhaustive to all the titles required for class, nor is it a substitute for the course syllabus. Please logon to your **Sakai** account for your course syllabus and professor instructions.

**Academic Reserves** cannot be checked out and are available for a 3 hour in-library use only. Items can be accessed by presenting your Sage Library card at the Circulation Desk.

For questions or more information contact the Library:
